- Cash Shortage

25X1A6c [redacted]

1. In an effort to establish that the shortage in funds reported in reference, was attributable to an error in packaging which occurred at Headquarters, the records on all shipments since December 1954 have been examined. This examination reveals no record of any shipment containing the amounts and denominations listed in 1 (7) of reference.

2. In view of this fact, it must be concluded that the packages were prepared at the station rather than at Headquarters. If this assumption is accepted as correct, relief of [redacted] 25X1A2e on the grounds that the shortage did not occur at the station would be erroneous.

3. Since reference presented no other basis on which a request for relief may be processed, there appears to be no alternative to requiring the responsible custodian of funds, [redacted] 25X1A2e, to refund the amount of the shortage. Accordingly it is requested that [redacted] 25X1A2e be instructed to refund the amount of $10. to clear the shortage.
